GIRLS BASKETBALL

Girls basketball had six classes in 2019-20. Each class qualified eight teams for the NSAA Girls State Basketball Championships, which were held on March 5, 6, & 7, 2020, in Lincoln.

Class A was divided into seven districts with the district champions and one wild card team, selected on the basis of a point system, qualifying for the state tournament. Lincoln Southwest was the wild card team for Class A.

Class B was divided into eight subdistricts with the winners advancing to the district final. The next eight non-subdistrict winners with the highest wild card point averages qualified for the district final to complete a 16-team bracket. The winners of the district final then advanced to the state championship.

Classes C1, C2, D1 and D2 were divided into twelve sub-districts. The twelve sub-district winners were paired with the four highest wild card teams who lost. They were paired as follows: (1 vs. 16, 2 vs. 15, etc.). Games were played at neutral sites.

For the thirteenth consecutive season, the NSAA played third-place games in Classes C1, C2, D1 and D2, pairing the two teams losing in the semifinal round. There are no third place games in Classes A and B. Paid attendance: 58,375.

2019-20 NSAA CUP STANDINGS

The Nebraska School Activities Association is pleased to announce the final standings for The NSAA Cup, the NSAA All-Activities Award for Nebraska high schools. This annual awards program, which began in 2007 to recognize the state's most successful high school athletic and fine arts programs, is presented to the twelve Nebraska high schools which earn the most points during the school year by participating in NSAA education-based activity programs. This all-activities (fine arts and sports), all-school recognition platform recognizes the "Best of the Best" each year in NSAA programs.

The NSAA Cup is presented to the winning schools in the four classes of the All-School Division, Girls Division and Boys Division during special ceremonies the following fall.

NSAA Cup Details & Point System

Each year the NSAA recognizes the most successful activities programs in the state with the NSAA Cup. The NSAA Cup winners are determined by a point system based on participation in NSAA education-based activities, sportsmanship and performance in state championship events within each division and class. Music, which does not have a state-level event, earns points based on participation at the district music contest. In wrestling, NSAA Cup points will be awarded based on a school's highest finish at either the Individual Wrestling Championships or the Dual Wrestling Championships. For example, If a school places 4th at the Individual Championships and places 3rd at the Dual Championships, that school would receive the 40 points earned for the 3rd place finish at the Dual Championships, instead of receiving points for both championship events. The boys and girls competition in each class features schools earning participation and performance points from their respective activities. In the all-school division, schools receive participation points for each of its NSAA registered programs, and earn additional points for placing in NSAA championship events.
