NSAA MISSION STATEMENT

The public and non-public high schools of Nebraska voluntarily agreed to form the Nebraska School Activities Association for the following purposes:

- *To formulate and make policies which will cultivate high ideals of citizenship, fair competition, sportsmanship and teamwork which will complement the member schools' curriculum programs.*
- *To foster uniformity of standards in interscholastic activity competition*
- *To organize, develop, direct and regulate an interscholastic activity program which is equitable and will protect and promote the health and physical welfare of all participants.*

This SOCCER MANUAL has been prepared and designed to provide general information for use in the administration of NSAA soccer competition. It will serve as a guide to the participating schools and will provide for greater consistency between games. The regulations in this manual shall be considered official unless the schools are notified of a change.

All coaches and athletic directors are urged to read this manual thoroughly and to save it for future reference.

Assistant Director Ron Higdon is the NSAA staff member responsible for administering soccer. He can be reached at rhigdon@nsaahome.org.

NFHS Soccer Rules Changes

Accommodations for Students with Disabilities.

Each state association may, in keeping with applicable laws, authorize exceptions to NFHS playing rules to provide reasonable accommodations to individual participants with disabilities and/or special needs, as well as those individuals with unique and extenuating circumstances. In order to determine if the NSAA can authorize such an accommodation, the school administration should contact the NSAA to request an accommodation hearing.

APPROVED RULING 2.1.2 (Medical Personnel at Regular Season Games)

Severe injuries, sudden illnesses and other critical incidents do not often occur during school activities, but it is important for every school to have an emergency action plan (EAP) for administrators, faculty, coaches and staff members to follow should emergencies occur. Due to lack of universal availability of medical coverage and other logistical reasons, NSAA does not require that schools have a physician, trainer or ambulance on-site at regular season activities; however, each school should have a plan in place should there be an emergency involving athletes, coaches, officials or spectators requiring medical attention.

APPROVED RULINGS AND INTERPRETATIONS FOR 2.12

Concussion in Sports, Heat Illness Prevention, Sudden Cardiac Arrest Education

All coaches and volunteers are required to complete the NFHS Concussion in Sports, Heat Illness Prevention, and Sudden Cardiac Arrest Training courses at least once every three years. Any course taken after May 1 would be considered valid for the following school year.

A check for the cost of fingerprinting of \$50 should be submitted with the application. The coach has been a resident for the past five years, a record of the addresses should be placed on the application.
4. Online application/fee should be completed at www.education.ne.gov/TCERT.

5. Submit original certificates indicating completion of the NHFS Fundamentals of coaching, NFHS First Aid for Coaches, and/or the transcript from a college showing completion of the human relations requirement.
6. A Special Services certificate will be sent electronically to the individual's email address included on the application. The certificate will be valid for five years and can be renewed following standards found in NAC 92, Chapter 21.
7. All head coaches are required to attend an NSAA Rules Meeting or complete an NSAA Rules Meeting online annually. Failure to do so will result in possible late fees and suspension penalties.

RULES MEETINGS

Online rules meetings are initially offered at no cost to coaches or officials, followed by a period with a \$50 "Delinquent" Fee. The following sanctions and fees are applicable to those coaches who fail to complete the rules meeting by the expiration of the "Delinquent" Fee period. Absence from the required rules meeting OR FAILURE TO COMPLETE THE ONLINE RULES MEETING will result in the following sanctions:

First Offense in Three-Year Period The head coach will be suspended from coaching in any competition in that activity until The head coach COMPLETES THE NSAA'S ONLINE RULES MEETING OFFERED AT THE LATE FEE of \$100; and

(1) the head coach successfully completes the open book test for officials/judges of that activity (70% or higher); and the school's administration verifies that the coach has read all the supporting NSAA, National Federation, and safety information.

NSAA ATHLETIC BYLAWS GOVERNING SOCCER

- 1. Boys and girls soccer shall be conducted during the spring sports season.
- 2. The soccer season shall begin the first day of practice as permitted by NSAA rules and shall end with the state championships:

APPROVED RULINGS AND INTERPRETATIONS FOR 3.1.1

- 1. A season begins on the first day of allowable practices for that sport, as designated in 3.1.1.2. The season officially ends with the conclusion of the State Championship in that sport. Students may not participate in outside group instruction or competition once the season officially begins, and outside group instruction or competition may not commence until the school varsity team has been completely eliminated from further participation in that sport.
- 2. All scheduled and postponed regular season varsity contests must be played prior to the start of sub-district, district or state competition. Once sub-district, district or state competition begins, no regular varsity contests shall be permitted.
- 3. Students who are not listed on the NSAA District Entry form may participate in outside group instruction or competition of the same sport before the varsity school team has been completely eliminated from post-season competition. Those students who have participated in outside group instruction or competition following their regular season schedule would not be eligible to be placed on the district or state entry form of the same sport and would not be allowed to practice with the varsity team.
- 3.1.1.1 A season begins the day of opening practice as permitted by the NSAA rules rather than the first day of interscholastic competition.

Note: Week designations are for the standardized calendar. The standardized calendar usually begins with the first full week in July.

CONTEST LIMITATIONS

- 1. No soccer team (varsity or non-varsity) representing a member school shall participate in more than thirteen soccer games, excluding the district and state tournaments. If a school is involved in a conference tournament, the conference tournament is to be counted as one of the thirteen game limit. Participation in any soccer tournament/engagement shall count as one of the thirteen permitted games.
- 2. An athlete may participate in no more than one soccer game per day, with two exceptions:
 - a. In tournaments/engagements, an athlete may participate in two soccer games per day (maximum of 2 games per day: 2 varsity, 2 jv, or 1 varsity and 1 jv).

- b. In varsity and junior varsity competition played on the same day, students are limited to three halves of soccer competition and the participation can be split between the varsity and junior varsity games. Any participation in a half counts as one half of competition regardless of the amount of time played. Overtime is an extension of the 2nd half.
- 3. No contest may be held with any team not belonging to the NSAA or its own state high school association.
- 4. No contest in any class, other than the state tournament contests, are permitted during the dates of the State Soccer Championships. This includes regular season contests, non-varsity tournaments, and conference tournaments or playoffs.
- 5. No game or scrimmage may be held with any team before the opening game of the season. Each interschool scrimmage played on or after the first date permitted for sports contests shall count as a game played (one of the thirteen games allowed). The penalty for participation in an illegal scrimmage or game may be suspension from the NSAA for one season of that sport. This does not prohibit intra-squad scrimmages.
- 6. A school that violates the team match limitation or the student match limitation may be disqualified from district and state tournament competition.

TOURNAMENT GUIDELINES

A tournament is defined as a contest involving four or more teams in which the winner continues to advance and compete until a single winner is determined. Tournaments cannot be in round-robin format.

Soccer Engagements (classics, invitationals, etc.)

- 1. Any and all date changes due to weather must be communicated to the NSAA office. If you have a cancelation or postponement after a tournament has been seeded and bracketed, any rescheduled contests for that tournament must follow the original bracket and format.
- 2. If a team participates in more than one tournament, each tournament in excess of the one permitted tournament shall count as one of the thirteen permitted matches. A tournament is defined as a contest involving four or more teams in which the winner continues to advance and compete until a single winner is determined. Tournaments cannot be in round-robin format.
- 3. Teams are allowed to participate in two games in one day OR TWO CONSECUTIVE DAYS that are not in a tournament format; this format is considered an “engagement”.
 - a. Each game has a predetermined opponent.
 - b. Each engagement would count as one of the thirteen permitted matches.
- 4. A school team shall not participate in a high school indoor soccer competition until the first date permitted for interschool competition. Any soccer competitions on or after that date, whether indoors or outdoors, shall count as one of the permitted thirteen games.

3.2.1 “SCHOOL-YEAR, OUT-OF-SEASON” DEFINITION

‘School-year, out-of-season’ is defined as that period of time during the school year in which no organized practice can be conducted. The “school-year, out-of-season” period begins on the first day of fall practice and runs until the first allowable date of practice in that sport, and the period after a team or individual has been eliminated from further competition during the championship series of district and state tournaments/meets through Memorial Day or the end of the school year, whichever is later. For non-varsity competition, “school year, out-of-season”

begins the day following the last date of interscholastic competition or the last date of the varsity season, whichever is later.

3.2.2 “School-Year, Out-of-Season” Participation

Except during the season of the sport involved, a student may be a member of a non-high school team and compete unattached in non-high school competition. Students are prohibited from wearing high school uniforms during non-high school sponsored competition.

3.2.3 Organized Practice

Organized Practice. No organized practice in any sport shall be held during the “school-year, out-of-season” period. An organized practice shall be defined as follows:

- a. **Soccer.** An organized practice in soccer shall mean more than seven students under direct supervision of a sponsor.
- b. If more than one group is practicing at the same time, it shall be called an organized practice.

3.2.7 Summertime Participation. “Summertime” shall be defined as the Tuesday following Memorial Day to July 31. During the “summertime” there shall be no restrictions on the amount of contact between students and high school coaches. Attendance shall be voluntary, and coaches/school representative may not directly or by implication require a student to attend “summertime” activities as a condition for membership on a high school team or restrict the level of team participation within the high school program.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.2.7

Applicable to Coaches During The Summer.

The school year out-of-season period begins on the date of the official start of fall practices. Summer activities are regulated between the Tuesday following Memorial Day and July 31. Between the end of the summer activities period and the start of the school year, out-of-season period (August 1 through the official start of fall practices), the following shall apply:

- (1) The organized practice rule shall be in effect;
- (2) Conditioning programs may be held;
- (3) Attendance at commercial camps and clinics is permissible, but the organized practice rules shall be in effect for such camps and clinics; and
- (4) No school-sponsored clinics or camps may be held.
- (5) Due to safety concerns, schools may permit the use of football helmets and softball and baseball protective equipment for summer leagues, camps, clinics, and other summer activities.

3.5 PARTICIPATION ON NON-HIGH SCHOOL TEAMS AND IN NON-HIGH SCHOOL COMPETITION

3.5.1 Any student who participates in any athletic contest other than as a representative of his/her high school during the season of the sport involved becomes ineligible to represent his/her school in that sport for one or more contests or the remainder of the season.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.5.1

1. To be eligible to participate in a district and/or state contest, a student shall have been a member of the school's team and shall have been available to participate in at least eighty percent (80%) of the school's scheduled interschool contests because of participating in non-high school competition.
 - a. The term "available to participate" means that the student was a bona fide member of the team, eligible to participate for the school at some level of competition in the sport, and not involved in outside participation activities (exception: Olympic Development Program or national team activities as approved by the NSAA.)
 - b. The term, "school's scheduled interschool contests," is defined as those contests which appear on the school's varsity schedule at the beginning of the season. An exception to this requirement will be considered if a student was unable to participate because of injury, illness, or had transferred from another high school.
2. During the season of a particular sport, athletes participating in that sport for a high school may attend and physically take part in college camps and clinics.
3. At no time during the high school sport season can a student who is a member of the school squad in that sport compete in non-school organized competition in any skill of the sport.
4. A person may be considered to be a participant without being an official entry in the competition.
5. The phrase "compete in non-school organized competition in any skill of the sport" is interpreted to mean to take part in any skill of the sport of season. For example, a student out for cross country or track would become ineligible to represent the high school if he/she participates in a road race or a marathon. A student on the high school basketball team would become ineligible if he/she participates in a free throw contest, 1-on-1, 2-on-2, 3-on-3, 4-on-4 basketball contest, or other similar contest. A student out for high school football will become ineligible if he competes in a punt, pass and kick contest. A wrestler shall not participate in a non-school takedown tournament during the wrestling season. An exception to this rule may be granted by the Executive Director for special circumstances.
6. Schools must contact the Executive Director in advance of the event to determine whether an activity would qualify under this exception.
7. If prizes or awards are provided for such participation, such awards need to be in compliance with NSAA guidelines. Awards to individuals for activity participation in the form of cash, merchandise certificates, or any negotiable instrument are not allowed.
8. Halftime free-throw or three-point contests or other such halftime skill contests used as fundraisers by a school-related group shall no longer impact the eligibility of students out for the sport, providing the award is not in the form of cash, merchandise certificates or any negotiable instruments, and providing that the full retail value of the symbolic or merchandise award does not exceed the value set by the Board of Directors (currently \$50).
9. A student may participate as an individual, without loss of interscholastic eligibility under the following conditions:
 - a. As a member of a national team (and the actuals direct tryouts) which is defined as one selected by the National Governing Body of the sport on a national qualification basis, either through a defined selective process of actual tryout for the purpose of international competition which requires entries to officially represent their respective nations.
 - b. In an Olympic Developmental Program, which is defined as a training program or competition.
 - 1) Conducted or sponsored by the United States Olympic Committee (USOC), or
 - 2) Directly funded and conducted by the USOC member national governing body on a national level (e.g. NGB national championship and direct qualification therefore); or
 - 3) Specifically authorized by a national governing body involving only athletes previously identified by some qualifying procedure by the national governing

- body as having potential for future participation in regional, national, or international competition in the sport involved.
- 4) Coaches from schools involved with an Olympic Development Program must adhere to the organized practice rule.
 - c. While representing the National Federation as a member of its United States national entry in an International School Sport Federation event.
 - d. In an athletic contest sponsored by a non-high school organization, provided the individual has qualified prior to the sports season through actual competition in a meet or series of meets which were designated in advance by the sponsoring organization as qualifying meets. Times, distances, placement, or performance in high school competition shall not be considered as qualifying criteria.
 - e. Provided in a, b, c, and d, such participation has been approved by the high school principal and the Nebraska School Activities Association.
10. The high school principal and the coach of the sport involved must approve the request for a waiver of Section 3.5. The school then may request a waiver from the Nebraska School Activities Association, including documentation on how prequalification was met, with a maximum of one (1) non-school event per season for an individual student.
 11. If the student(s) has not qualified for the competition through actual competition in a meet or series of meets which were designated in advance by the sponsoring organization as qualifying meets, or the competition is not a part of the United States Olympic Development Program, a waiver may be granted provided the student(s) does not represent his/her school in varsity competition of the sport involved for the same number of days in which he/she participated in the non-school competition.
 12. Request for the certification of distances or times attained in state meet competition shall be submitted by the individual along with information on how these marks are to be used. In order to be considered, the use of such marks must meet established minimum qualifying standards and competition must be open to any athlete meeting such standards. Certification of times or distances will not be given if qualification is based upon placement in a contest sponsored by the membership of the Nebraska School Activities Association.
 13. NSAA Bylaw 3.1.1.2 specifies that no student shall participate in more than one sport per season. An exception would be that such dual participation would be approved for students participating in Unified Sports®. Students in NSAA member schools that participate in Unified Sports® may also participate on an interscholastic athletic team during the Unified Sports season. This does NOT apply to other NSAA sports.
 14. Outside participation is approved for students participating in Unified Sports®. As an example, students in NSAA member schools that participate in Unified Sports® may also participate on their “club” bowling team during the NSAA Unified Sports®, Bowling season. (exception to Bylaw 3.5.1) This does NOT apply to other NSAA sports.

3.5.2 Individual Instruction. During a season of a sport, a student is permitted to take individual instruction from a person other than the high school coach at times other than scheduled high school practice sessions, but such instructions shall not interfere with, nor be substituted for the high school coaching, practice sessions, or contest.

APPROVED RULINGS AND INTERPRETATIONS FOR 3.5.2

During a season of a sport, a student is permitted to take individual instruction from a person other than the high school coach. Group instruction, practices with outside teams, and tryouts for outside teams other than as part of a college or university recruiting visit, however, are not permitted.

3.12 OFFICIALS—Appendix 6

NSAA POLICY ON COMMENTS AND NEGATIVE ACTIONS AGAINST OFFICIALS AND JUDGES

The National Federation of State High School Associations has devised Code of Ethics guidelines for high school coaches. The function of a coach is to educate students through participation in interscholastic competition. The coach or sponsor shall respect and support contest officials and judges. The coach or sponsor shall not indulge in conduct that would incite players or spectators against the officials. Public criticism of officials, judges or players is unethical. The Nebraska School Activities Association has embraced that Coaches Code of Ethics and has established policies and standards that will cultivate the ideals of good sportsmanship, professionalism and conduct. It shall be the responsibility of each member school to ensure that all individuals directly associated with the interscholastic program conduct themselves in a sportsmanlike and professional manner.

The high school coach or director is a representative of the school at interscholastic activity events. It is the responsibility of all coaches and directors to serve as role models for students and the public. It is the expectation that all coaches, directors, administrators and student participants shall refrain from negative criticism of NSAA member institutions, officials, adjudicators, judges, etc. in public statements before, during or after interscholastic events. The appropriate public response to media questions at all venues regarding officiating/judging is “per NSAA policy, I am unable to comment.” Any other response is a violation of this board policy and is subject to penalty. It would be considered a violation of this NSAA policy to include, but are not limited to the following:

- a. Making degrading and/or critical remarks about officials or adjudicators or the officiating or judging before, during or after an event either on or off-site, via social media, or through any public means.
- b. Detaining the officials/adjudicators/judges during or following the event to request a ruling or explanation of actions or evaluation by the official(s)/adjudicator(s)/judges.
- c. Entering the officials dressing area following the contest.

Negative actions by an individual directly associated with the program shall be reported to the NSAA office by the school and/or by the head contest official, adjudicator, judge, or manager. The school shall document the results of their investigation and actions taken, where necessary and appropriate. The NSAA Executive Director shall determine the appropriate penalties for violation of this board policy.

SOCCER SCHEDULES

1. Schedules need to be entered on the NSAA website by March 5, 2024.
2. Please follow the instructions sent to the schools when entering schedules.
3. The schedules will be posted on the NSAA website (www.nsaahome.org).
4. Contests may not be added after March 6, 2024. Please notify the NSAA with any postponements or cancellations. Submit schedule changes to Jakub VanWesten, jvanwesten@nsaahome.org.
5. All contests MUST be played prior to the start of districts, April 27, 2024.

MUSIC LICENSES

Generally, music used for contests (warm-up, half-time, “walk-up” music, etc.) needs to be licensed. Some music may be in public domain; however, most music is not and will require a license. This season, take the necessary time to verify your music is licensed through the

proper entities. Visit www.nfhslearn.com for additional resources.

STEROID POLICY

The Nebraska School Activities Association (NSAA) and the National Federation of State High School Associations (NFHS), strongly oppose the abuse of anabolic steroids and other performance-enhancing substances by high school student-athletes. Such use violates legal, ethical and competitive equity standards, and imposes unreasonable long-term health risks.

The NSAA and the NFHS support prohibitions by educational institutions, amateur and professional organizations and governmental regulators on the use of anabolic steroids and other controlled substances, except as specifically prescribed by physicians for therapeutic purposes.

NSAA SPORTSMANSHIP GUIDELINES AND EJECTIONS

1. Enforcement of the “sit-out rule” for ejections from high school contests for unsportsmanlike conduct is a responsibility of the member school. Failure to properly enforce this rule could result in other sanctions by the NSAA.
2. Administrators will be expected to promptly file a report with the NSAA whenever a participant or coach from their school has been ejected from any high school contest. Such filing must be done online under the AD login section of the NSAA webpage.
3. A participant or coach ejected from a contest for unsportsmanlike conduct shall be ineligible for the next athletic contest at that level of competition and any other athletic contest at any level during the interim.
4. Enforcement of the “sit-out rule” is expected to begin immediately, regardless whether it is regular-season or tournament play.
5. Any participant ejected a second time during a season from a contest for unsportsmanlike conduct shall be ineligible for the next two contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess.
6. Any participant ejected a third time during a season from a contest for unsportsmanlike conduct shall be ineligible for the next three contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess.
7. During the time of their “sit-out” suspension, athletes who are ejected for unsportsmanlike conduct may not suit up or participate, but it is the school’s discretion whether such athlete is able to travel with the team or sit on the team bench.
8. Coaches who are ejected for unsportsmanlike conduct may not coach in any contest or be present at the contest site during the time of their “sit-out” suspension. Coaches who are ejected will also be required to successfully complete the NFHS Teaching and Modeling Behavior online course within 10 days of the ejection. Failure to successfully complete the course will result in a suspension from coaching for the remainder of the season. In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Sportsmanship online course before being able to coach the following season or year.
9. Coaches who are ejected a second time in a season will be required to sit-out the next two contests at that level, plus all other contests at other levels during the interim. Coaches may not be present at the contest site during the time of their “sit-out” suspension. Any coach ejected a second time will also be required to successfully complete the NFHS Fundamentals of Coaching online course within 10 days of the ejection. Failure to

successfully complete the course will result in a suspension from coaching for the remainder of the season. In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Fundamentals of Coaching online course before being able to coach the following season or year.

10. If the ejection takes place in the final game of the season, the suspension will carry over to the following season.
11. When schools have students or coaches with multiple ejections, the school shall submit to the NSAA a written management plan on how they plan to remediate the problem.
12. Officials will be expected to file with the NSAA an ejection report for any ejection of a player or coach from a contest online. Any unusual situation that occurs prior to, during, or after a contest should also be reported.
13. Prompt reporting to the NSAA office by the official is necessary. Officials are asked to submit their electronic report or call the NSAA office by the day following the ejection.
14. Officials are asked to be specific in listing the reason(s) for an ejection.
15. Affiliated officials (officials registered from contiguous states) will also be required to perform this reporting function.
16. There is no appeal process for ejections for unsportsmanlike conduct.
17. The Executive Director shall reserve the right to consider the length of suspensions when some levels of competition are scheduled on an irregular basis (e.g., three weeks between regularly scheduled non-varsity contests).

****Note: Any red card issued to a player or coach constitutes an ejection.**

14. If a tie exists for one or both of the qualifying spots, the following procedure will be used to select the team or teams:
 - a. If only two teams have identical point averages and are tied and the teams have played each other, the team that won the contest or the majority of contests between the two teams in question wins the tiebreaker.
 - b. In Class A, if the two teams have not played each other or if more than two teams are tied, step C will be used to determine which team qualifies for the state tournament. In Class B, if the two teams have not played each other or if more than two teams are tied, step D will be used to determine the seed.
 - c. In Class A, if a tie still exists, or if more than two teams are tied, the team or teams playing the greatest number of first division teams in their classification will be selected. If two teams are still tied, step (a) will apply before going to step (e).

REPORTING SCORES

Report all VARSITY game scores to: MAXPREPS.COM

Teams who compete against out-of-state schools are responsible for reporting all out-of-state opponents' current win-loss records to the NSAA throughout the season and prior to districts and state seeding.

DURATION OF GAME & LENGTH OF PERIODS

VARSITY MATCHES

Two equal halves of 40 minutes shall be played.

40 + 10 + 40

Periods may not be shortened.

BELOW VARSITY LEVEL

Match lengths may be modified.

Overtime procedures may also be modified.

MERCY RULE/VICTORY MARGIN

The match shall end when one team has established a 10 goal differential at the end of the first half or during the second half. The margin of victory rule does not apply prior to completion of the first half of play.

OVERTIME PROCEDURE FOR GAMES TIED AT THE END OF REGULATION PLAY

Due to the use of the point system in determining "wild card" qualifiers for the state tournament, it is necessary that no game end with a tied score.

Games that are tied at the end of 80 minutes of play--

1. Two overtime periods of 10 minutes each.
2. A coin shall be flipped prior to the first overtime period. The visiting team captain shall call the coin while it is still in the air. The winner of the toss shall choose a goal to defend or to kick off first. The loser of the toss shall be given the remaining choice.
3. The interval between the second half and the first overtime period shall be 5 minutes.
4. The interval between the first and second overtime period shall be 2 minutes.

If a tie still exists at the end of the second overtime period--

1. The two teams shall participate in a penalty kick tiebreaker procedure.
2. The interval between the second overtime period and the beginning of the penalty kick procedure shall be 5 minutes.

PENALTY KICK TIE-BREAKER PROCEDURE

1. The two head coaches, officials, and team captains shall assemble at midfield to review the procedure.
2. The head referee shall choose the goal at which all of the penalty kicks shall be taken.

3. Each coach will select any five players, including the goalkeeper, on or off the field (except those who may have been disqualified) to take the penalty kicks.
4. A coin toss shall be held. The team winning the toss shall have the choice of kicking first or second.
5. The kicks shall be attempted from the penalty mark.
6. Teams will alternate kickers. There is no follow-up on the kick.
7. Following five kicks for each team, the team scoring on the greatest number of these kicks shall be declared the winner.
8. Add one goal to the winning team score and credit the team with a victory. An asterisk (*) may be placed by the team advancing to indicate the advancement was the result of a tiebreaker system.

If the score remains tied, after each team has had five penalty kicks:

1. Each coach will select five different players other than the first five who already have kicked to take the penalty kicks in a sudden victory situation, wherein, if one team scores and the other team does not score, the game is ended without more kicks being taken.
2. If the score remains tied, continue the sudden victory penalty kicks with the coach selecting any five players other than the preceding players to take the next set of alternating penalty kicks.
3. If a tie still remains, repeat sudden victory procedure.

TOURNAMENT/ENGAGEMENT PLAY

In tournament/engagement competition where each team could potentially play two games on the same day, the following procedure may be used: If the game is tied at the end of 80 minutes, the overtime periods may be shortened to 5 minute periods OR if the coaches reach a mutual agreement prior to the game, the penalty kick tie breaker may be used immediately following the completion of regulation. The tournament/engagement host should determine the overtime procedure and notify all participating schools and officials in advance. **All games in the tournament must use the same overtime procedure.**

SUSPENSION OF PLAY

In the event a game must be suspended and the game cannot be resumed that day, the head referee may declare it an official game if one complete half or more of the game has been completed and the score is not tied. If less than one-half of the game has been played or if more than one-half of the game has been played and the score is tied, the game will resume at the point of interruption. If a game is resumed from the point of interruption, and one team is clearly in possession, the game will be restarted by an indirect free kick by the team in possession at the point where the ball was when play was suspended. If there is no clear possession, there will be a drop ball at the spot where the ball was declared dead, provided the ball is not in the penalty area.

EXPECTED BEHAVIORS AT AWARDS CEREMONIES

Education-based activities give students the ability to train, participate and compete in a structured setting. With that, students often learn lessons that are sometimes not taught in the traditional academic classroom. Some of those lessons includes learning to win and lose with dignity and grace. As such, the following guidelines have been developed for awards ceremonies at the conclusion of sub-district, district and state contests.

Only one team can win a district or state championship, yet the NSAA provides trophies, plaques and medals to the losing teams in many of the postseason activities. It shall be the expectation that both team shall accept their medals and trophies in a sporting and willing manner. Some losing teams have been reluctant to step forward and accept their awards, and coaches and administrators need to assure sporting behaviors for their student athletes. It is natural to be disappointed in losing the contest, but stepping forward at this time of disappointment is a life lesson that helps mold proper and sporting behaviors. It is the expectation!

The executive director or the NSAA Board of Directors shall determine the type and severity of sanctions to schools that do not comply with these expectations.
