Girls & Boys Track and Field State Records

The Nebraska School Activities Association maintains two sets of state records-(1) State Records (St) for any performance during the entire track season, including the state meet, and (2) State Meet Record (SM) for performances during the state track meet only. Each school is responsible for submitting applications for state records achieved prior to the state meet. Basic requirements for state record consideration:

1. Track event must be conducted at metric distances.
 2. Performances will be considered only from meets involving five or more schools being run according to National Federation/NSAA rules.
 3. Performances must be certified on an NSAA record application form.
- List also includes previous year's gold medal winner.

Explanation: A/St means Class A State Record, A/SM means Class A State Meet Record

TRACK & FIELD DISTRICT PERFORMANCES

These performances can be set at NSAA district competition, without regard to wind velocity or usual record verification, and are called best performances (although most people call them records). If these performances are to be submitted by schools for NSAA state record consideration, they must meet the state records standards, i.e. wind gauge on short races and other specifications listed in NSAA Track and Field Manual. Preference will be given to fully automatic times.

VOLLEYBALL

The 38th State Volleyball Championships were held in Lincoln on November 13, 14, and 15, 2008 with Debra Velder, NSAA Associate Director, serving as championship director.

Competition was offered in six classes. In Class A, there were seven district champions and one wild card team that qualified for the state championships. The Class A wild-card team was Omaha Bryan. In the other five classes, the six district champions automatically qualified for the state tournament and two wild-card teams were chosen to complete the field of eight teams in each class. The Class B wild-card teams were Hastings and Seward. In Class C1, Johnson County Central and Grand Island Central Catholic earned wild-card berths, while in Class C2, Sutton and Superior earned wild cards. For Class D1, Leyton and Humphrey St. Francis were wild-card qualifiers and in D2, Chambers and Hay Springs won the wild cards.

This was the fourth year for rally-scoring and a best-of-five format was used for state championship matches. Pershing Center hosted Classes A matches on Thursday as the NSAA used a three-day format for the first time. Single courts were used at Lincoln East, Lincoln Northeast, Lincoln Southeast, Lincoln Southwest, and Lincoln North Star High Schools for first round matches. Pershing Center and Lincoln High School hosted semifinal matches on Friday. All finals were at the Pershing Center on Saturday, November 15, while third-place matches were played at Lincoln High and Lincoln Southeast. Paid attendance: 37,514.

2008-2009 U.S. Cellular Cup Standings

Each year the NSAA and U.S. Cellular will honor the state's top activities programs with the U.S. Cellular Cup. Assistant Director Bud Dahlstrom was the administrator in charge of the U.S. Cellular Cup.

The U.S. Cellular Cup is determined by a point system based on performance in NSAA state championship events within each division and class. (Music, which does not have a state championship, earns points based on district music contest participation.)

NSAA Cup Points

State Champion, 50
 State Runner-up, 45
 Third Place, 40
 Fourth Place, 35
 Fifth Place, 30
 Sixth Place, 25
 Seventh Place, 20
 Eighth Place, 15

The boys and girls competition in each class features schools earning points from their respective athletic activities. In the case of coed schools, the fine arts activity points are divided in half and awarded to each school's boys and girls U.S. Cellular Cup totals. The all-school division contest will include all activities in which each high school participates.

A member school will earn five points for each NSAA sponsored activity it participates in. All schools that finish in the top eight (plus ties) of a state championship event will receive points. In NSAA events involving more than four classes, like volleyball and basketball, the top eight positions in C1, C2, D1 and D2 will earn full points in the U.S. Cellular Cup standings. If there are fewer than eight schools from a classification placing in an activity, only those schools represented will receive points.

In the event of a tie, the schools receive an equal number of points based on the total points of the tied places, divided by the number of tied teams. Example, a three-way tie for third place in boys golf ($40 + 35 + 30 = 105 \div 3 = 35$ points each) would earn each school 35 points.

In activity championships that only recognize two places, like football, the non-advancing semifinal teams split the third and fourth place points ($40 + 35 = 75 \div 2 = 37.5$ points each); the non-advancing quarterfinal teams will split the fifth through eighth place points ($30 + 25 + 20 + 15 = 90 \div 4 = 22.5$ points each).

In district music, each school earned five total points for entering at least two instrumental entries; and five total points for at least two vocal entries. In activities that do not culminate in a team state championship, like debate, the highest individual places from the finals earn points for their member school. Schools tied after advancing to the semifinals and quarterfinals equally divide the place points (3-4, 5-8) between their schools. For those schools involved in cooperative agreements, each school in the coop earns points in that respective activity.
