NSAA MISSION STATEMENT

The public and non-public high schools of Nebraska voluntarily agreed to form the Nebraska School Activities Association for the following purposes:

- To formulate and make policies which will cultivate high ideals of citizenship, fair competition, sportsmanship and teamwork which will complement the member schools' curriculum programs.
- To foster uniformity of standards in interscholastic activity competition.
- To organize, develop, direct and regulate an interscholastic activity program which is equitable and will protect and promote the health and physical welfare of all participants.

This BASKETBALL MANUAL has been prepared and designed to provide general information for use in the administration of NSAA Basketball competition. It will serve as a guide to the participating schools and will provide for greater consistency between games. The regulations in this manual shall be considered official unless the schools are notified of a change. All coaches and athletic directors are urged to read the instructions in this manual thoroughly and save it for future reference.

Assistant Director, Jon Dolliver, is the NSAA staff member responsible for administering Basketball and is the contact person for schools with questions regarding this activity. He can be reached at (402) 489-0386 or jdolliver@nsaahome.org or Administrative Assistant, Alicia McCoy, amccoy@nsaahome.org.

Internet Information

The Nebraska School Activities Association maintains a home page on the Internet at the following address:
<http://www.nsaahome.org>.

There are several sections within this home page, including a sub-page for each of the NSAA's sponsored activities. One of the reasons for the Internet hookup is to offer another means of communication between the state office and its schools, coaches, and patrons. The NSAA Office and its staff members all can be reached via the Internet using this e-mail address: nsaahome.org

You are encouraged to check the NSAA home pages where your activity is involved. Here are some of the topics on this activity:

Bylaws and Approved Rulings Governing Basketball

All persons involved with basketball have the responsibility to know the NSAA Bylaws and Approved Rulings, which pertain to this activity. They are printed in this Manual.

Bylaws and Approved Rulings Affecting Basketball

Bylaw 2.8.8 Summertime Use of School Facilities. Member schools may permit the use of their facilities in accordance with the local school board rental policy.

Bylaw 3.3.7.2 The Executive Director is granted the authority to require schools to alter travel plans to arrive the day prior to the scheduled state contest if weather conditions so warrant. If a school chooses not to travel to the contest site the day prior to the scheduled contest, the school shall understand that the games will go on as scheduled and if they are unable to arrive prior to the scheduled game time, a forfeit will be issued.

Bylaw 3.11.1.4.1 If the weather conditions require a change in state basketball tournament format, the schedule may be changed to permit a school to play multiple state tournament games per day.

Bylaw 3.3.9 No high school that is a member of the NSAA shall be permitted to engage in any interschool contest on Sunday. When weather conditions and facilities cause a change in a state tournament schedule, Sundays may be used for competition after 12:00 noon local time as determined by the Executive Director.

Approved Ruling 3.1.1 (End of Season for Outside Participation Purposes)

A season begins on the first day of allowable practices for that sport, as designated in 3.1.1.2 below. The season officially ends with the conclusion of the State Championship in that sport. Students may not participate in outside group instruction or competition once the season officially begins, and outside group instruction or competition may not commence until the school team has been completely eliminated from further participation in the sport.

Approved Ruling 3.11.1.3 All games in a four-team basketball tournament must be played within a seven-consecutive-day period of time with no other games played within the interim, except weather postponements. The only exception to the seven-consecutive-day period shall be when weather forces postponement of one or more contests in that four-team tournament.

The Board of Directors approved in April 2011 that the coach's box beginning with the 2011-12 basketball season will be extended from 6 feet to 14 feet in length.

The Board of Directors approved in April 2013 that the 40-Point, Running Clock Rule – All Classes

A running clock will be used for all regular season games and tournaments and all NSAA subdistrict, district, and state tournament games whenever a 40-point differential in score is reached after the first half of play. The clock will run continuously except at the following times: During a called time-out; during a break between the third and fourth quarters; and for safety reasons, such as injuries, the clock will restart with the procedure that would normally re-start these instances. Once the 40-point differential is reached, normal clock operating and time procedures will not be resumed even if the point differential falls below 40 points.

Contests Permitted

1. Prior to the first contest date for the winter sports season, only intra-squad games or intra-squad scrimmages are permitted. **Exception, Hall of Fame Jamboree Week 21 and Monday and Tuesday of Week 22.**
2. After the first contest date for winter sports, a school may have inter- or intra-squad games and scrimmages.
 - a. However, alumni games or scrimmages, or games/scrimmages with non-high school teams are not allowed.
 - b. During the basketball season, a school shall not permit a student who is not a member of the high school's team, an adult, a college student, or alumni to participate in any practice session, drill, scrimmage, or game in which a school team is involved (e.g., boys' basketball team member cannot participate with girls' basketball team members, etc.). This does not prevent a coach from being involved for the primary purposes of teaching and demonstrating skills, methods, or techniques.
 - c. Any inter-squad scrimmage shall count as one of the eighteen plus 2 tournaments permitted games.

Classification of Schools

1. Schools shall be divided into six classes for basketball competition.
2. This classification is based on combined boy and girl enrollment, grades 9-11 from September of the year that immediately precedes the one-year classification period.
3. If schools are tied in enrollment for the last position or positions of a class, the following tie-breaker will be applied:

- a. The first tie-breaker will be a three-year average of enrollment which includes the year on which the current year's classification is based and the two previous years. The higher three-year average will be in the larger class.
- b. If the tie still exists, then the school with the higher immediate previous year's enrollment will be placed in the larger class.
- c. If a tie still exists, it will be decided by a coin flip in the NSAA office.
4. The 28 largest schools registered for basketball shall be Class A.
5. The next 32 largest schools registered for basketball shall be Class B
6. The remaining schools registered for basketball are divided into four classes with an equal or near-equal number in each class C1, C2, D1 and D2.
7. Due to some schools not registering to play either boys or girls basketball, some schools' boys and girls basketball teams may not be in the same class.
8. Schools have the opportunity to petition to play up a class in all activities. No replacement is made in that class vacated (no team will move up to fill that void).

Game and Student Limitations

1. No team representing a member school shall participate in more than eighteen games plus two tournaments, exclusive of the district and State Championship. Conference tournaments must be counted in those contest limitations. **Schools may participate in eighteen games and two tournaments in addition to the state sponsored series of tournaments (If a team participates in an additional tournament other than the two allowed, then each game counts towards the eighteen game limit).** Schools may also play nineteen games plus one tournament or twenty games and no tournaments.
2. A tournament is defined as a contest involving four or more teams in which the winner continues to advance and compete until a single winner is determined. (Typical round-robin events do not meet the definition of a tournament.) Schools are requested to send a copy of each tournament bracket to the NSAA.
3. A student may participate in no more than two basketball games per day (*only one varsity game*).
 - a. If the two games are varsity and non-varsity, a student is limited to six quarters per day. (Any overtime period(s) is an extension of the fourth quarter.)
 - b. If the two games are non-varsity, the student may participate in eight quarters provided the quarters are six minutes or less in length and there is at least one hour of rest between games.
 - c. If a student participates in two non-varsity games on the same day, and if the length of the quarters of at least one of those non-varsity games exceeds six minutes, the student shall be limited to six quarters of participation per day.
 - d. In non-varsity competition playing time and number of quarters may be reduced by mutual agreement of opposing coaches.
 - 1) No quarter can exceed eight minutes in length.
 - 2) If a game is to be played in fewer than four quarters, the opposing team and officials should be notified in advance.
4. If the school exceeds the games limitation, the school shall be excluded from district and/or State Championships.
5. Once the basketball season has begun, schools CANNOT add games to their regular season schedules.
6. All scheduled contests shall be played. Postponed contests shall be rescheduled by all participating schools if possible.

Inter-State Competition

When a Nebraska team plays an opponent in another state and that state's quarter limitation is less than six quarters, the Nebraska team shall follow that state's rule. If an out-of-state opponent is played in Nebraska, the Nebraska school may use the six-quarter rule.

Team Warm-ups

Some states permit varsity teams to warm-up or shoot around during halftime of the preceding game; in Nebraska, such warm-ups are not permitted.

Team/Student Membership Requirements

1. The penalty for exceeding contest limitations by a school or an individual shall be the exclusion from competition in the district and/or state competition. Exhibition or unattached participation in interschool high school competition in attempting to circumvent the game, match or meet limitation shall not be permitted.
2. To be a participant in any NSAA activity at either the varsity or non-varsity levels of competition, an individual must be a bona fide student of a member high school. Exempt-school or home-school students, unless enrolled in a minimum of twenty credit hours of schoolwork in the member high school, are not eligible to represent a member school in NSAA activities, regardless of the level of participation or competition.
3. **Eligibility for District/State Competition.** To be eligible to participate in a district and/or state contest a student shall have been a member of the school's team and shall have been available to participate in at least eighty percent (80%)

of the school's scheduled interschool contests and not have missed more than twenty percent (20%) of the school's scheduled contests because of participating in non-high school competition.

- a. The term "available to participate" means that the student was a bona fide member of the team, eligible to participate for the school at some level of competition in the sport, and not involved in outside participation activities (exception: Olympic Development Program or national team activities as approved by the NSAA.)
- b. The term "school's scheduled interschool contests" is defined as those contests which appear on the school's varsity schedule at the beginning of the season. An exception to this requirement will be considered if a student was unable to participate because of injury, illness, or had transferred from another high school.
4. In all athletic activities, teams wishing to enter a subdistrict, district, or state contest shall have participated in a minimum of five interschool varsity contests prior to the subdistrict, district, or state contest.
 - a. Exceptions to the requirements for a team that has not participated in at least five interschool varsity contests would be considered if the team was unable to participate if weather conditions forced a cancellation of scheduled contests. Other extenuating circumstances would be considered by the Executive Director on a case-by-case basis.
5. In order to participate in a district or state tournament, a student is required to have been a member of the school's team for at least twenty school days prior to the first day of the subdistrict, district, or state tournament.
 - a. Exceptions to the requirements for a student who is not a member of the school team for twenty school days would be considered if an individual was unable to participate because of illness, injury, or transfer from another high school. School, team, or game suspensions, regardless of the underlying cause, shall not be considered as exceptions to this participation rule.
6. In all athletic activities, students wishing to enter a subdistrict, district, or state contest shall have been available to participate in at least 30% of the school's varsity interschool contests prior to the subdistrict, district, or state contest.
 - a. Exceptions to the requirements for a student who has not been available to participate in at least 30% of the school's varsity interschool contests would be considered if an individual was unable to participate because of illness, injury, transfer from another high school, or if weather conditions forced a cancellation of scheduled contests. School, team, or game suspensions, regardless of the underlying cause, shall not be considered as exceptions to this participation rule.
 - b. When determining whether a student has been available for 30% of the school's varsity interschool contests, one would divide the number of varsity interschool contests for which the student was available by the school's total number of varsity interschool contests; all decimals .1 or above would be rounded up to the next higher whole number.
 - c. The term "available to participate" means that the student was a bona fide member of the team, eligible to participate for the school at some level of competition in the sport, not suspended from participation in activities for violation of school, team, or NSAA rules, and not involved in outside participation activities (exception: Olympic Development Program or national team activities as approved by the NSAA.)
7. For situations pertaining to eligibility to participate in district or state contests that are not specifically addressed by these guidelines, the Executive Director shall have the authority to waive membership and participation requirements on a case-by-case basis.
8. During the season of the sport, a school shall not permit a student who is not a member of the high school team, an adult, a college student, or alumni to participate in any practice session, drill, scrimmage, game, or contest in which a school team or an individual who is a member of a school team is involved.
 - a. This does not prevent a coach from being involved for the primary purposes of teaching and demonstrating skills, methods, or techniques

Non-High School Participation

Any student who participates in an athletic contest other than as a representative of his/her high school during the basketball season shall become ineligible to represent his/her school in basketball for one or more games or the remainder of the season. **This rule applies to church league games, town team games, independent games, free-throw and shooting contests, 3-3 contests, shooting contests where contestants are selected at random, etc.**

Organized Practice

An organized practice in any sport shall not be held during the school year between the close of a sport season and the opening day of practice for that sport the following year. In basketball, more than four players working under the supervision of a sponsor is an organized practice. If more than one group is practicing at the same time, it is an organized practice. For summer restrictions, please refer to the Yearbook.

Individualized Instruction, Outside Practices, and Tryouts

During the season of a sport, a student is permitted to take individualized instruction from a person other than the high school coach at times other than scheduled high school practice sessions. During the season, group instruction, practices with outside teams, and tryouts for outside teams other than as a part of a college or university-recruiting visit, are not permitted.

Summer Activities

The “school year, out-of-season” period begins on August 6. Summer activities are regulated between the Tuesday following Memorial Day and July 31. Between the end of the summer activities period and the start of the school year, out-of-season period (August 1 through August 5), the following shall apply: (1) The organized practice rule shall be in effect; (2) Conditioning programs may be held; (3) Attendance at commercial camps and clinics is permissible, but the organized practice rules shall be in effect for such camps and clinics; and (4) No school-sponsored clinics or camps may be held.

Allowable Summer Activities. During the summer a member school may organize the following:

Summertime School-Sponsored Camps/Clinics: A school may organize a camp or clinic in any sport from the Tuesday following Memorial Day through July 31. The camp shall be limited to no more than ten days over a period of 21 consecutive calendar days starting with the first date of the camp/clinic.

1. Summertime school-sponsored camps/clinics include planned physical activities that are instructional and competitive in nature where actual games can be played or simulated by camp attendees.
2. Summertime school-sponsored camps/clinics shall be voluntary and open to all interested students from grades 9-12.
3. The use of school facilities and equipment is permitted in accordance with local school board policy.

Team Fundraisers

Team fundraisers may be used to finance summer league, clinic, and camp activities. The AD/coach can hold money collected from fundraising in a school account until the money is needed to pay for summer league or camp activities. Any athlete receiving money for summer league/camps must participate in the fundraising activity.

Clinics

During the season of a sport, student participation in a basketball clinic, camp, or school shall not be permitted if the student is a member of a school team. The term “participation” shall mean physically taking part in the sport activity sponsored by the clinic, camp, or school. This does not prohibit a student’s attendance as a spectator or an observer.

Last Date for Playing Regular Season Games

All scheduled and postponed regular season varsity contests must be played prior to the start of Subdistrict, District, or State competition. Once Subdistrict, District, or State competition begins, no regular varsity contests shall be permitted.

NSAA and NFHS Policy Statement on Steroids

The Nebraska School Activities Association (NSAA) and the National Federation of State High School Associations (NFHS), strongly oppose the abuse of anabolic steroids and other performance-enhancing substances by high school student-athletes. Such use violates legal, ethical and competitive equity standards, and imposes unreasonable long-term health risks. The NSAA and the NFHS support prohibitions by educational institutions, amateur and professional organizations and governmental regulators on the use of anabolic steroids and other controlled substances, except as specifically prescribed by physicians for therapeutic purposes.

Sportsmanship Guidelines and Ejections

1. Enforcement of the “sit-out rule” for ejections from high school contests for unsportsmanlike conduct is a responsibility of the member school. Failure to properly enforce this rule could result in other sanctions by the NSAA.
2. Administrators will be expected to promptly file a report with the NSAA whenever a participant or coach from their school has been ejected from any high school contest. Such filing must be done online under the AD login section of the NSAA webpage.
3. A participant or coach ejected from a contest for unsportsmanlike conduct shall be ineligible for the next athletic contest at that level of competition and any other athletic contest at any level during the interim.
4. Enforcement of the “sit-out rule” is expected to begin immediately, regardless whether it is regular-season or tournament play.
5. Any participant ejected a second time during a season from a contest for unsportsmanlike conduct shall be ineligible for the next two contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess.
6. Any participant ejected a third time during a season from a contest for unsportsmanlike conduct shall be ineligible for the next three contests at that level of competition and all other athletic contests at any level during the interim, in addition to other penalties the NSAA or school may assess.

7. During the time of their "sit-out" suspension, athletes who are ejected for unsportsmanlike conduct may not suit up or participate, but it is the school's discretion whether such athlete is able to travel with the team or sit on the team bench.
8. Coaches who are ejected for unsportsmanlike conduct may not coach in any contest or be present at the contest site during the time of their "sit-out" suspension. Coaches who are ejected will also be required to successfully complete the NFHS Sportsmanship online course "TEACHING AND MODELING BEHAVIOR" within 10 days of the ejection. Failure to successfully complete the course will result in a suspension from coaching for the remainder of the season. In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Sportsmanship online course before being able to coach the following season or year.
9. Coaches who are ejected a second time in a season will be required to sit-out the next two contests at that level, plus all other contests at other levels during the interim. Coaches may not be present at the contest site during the time of their "sit-out" suspension. Any coach ejected a second time will also be required to successfully complete the NFHS Fundamentals of Coaching online course within 10 days of the ejection. Failure to successfully complete the course will result in a suspension from coaching for the remainder of the season. In those situations in which the ejection of the coach occurs near the end of the season or during the NSAA end-of-season play, the coach will be required to successfully complete the NFHS Fundamentals of Coaching online course before being able to coach the following season or year.
10. If coaches or athletes are ejected in the final game of the season, the suspension will carry over to the following season.
11. When schools have students or coaches with multiple ejections, the school shall submit to the NSAA a written management plan on how they plan to remediate the problem.
12. Officials will be expected to file with the NSAA an ejection report for any ejection of a player or coach from a contest online. Any unusual situation that occurs prior to, during, or after a contest should also be reported.
13. Prompt reporting to the NSAA office by the official is necessary. Officials are asked to submit their electronic report or call the NSAA office by the day following the ejection.
14. Officials are asked to be specific in listing the reason(s) for an ejection.
15. Affiliated officials (officials registered from contiguous states) will also be required to perform this reporting function.
16. There is no appeal process for ejections for unsportsmanlike conduct.
17. The Executive Director shall reserve the right to consider the length of suspensions when some levels of competition are scheduled on an irregular basis (e.g., three weeks between regularly scheduled non-varsity contests).

In the realm of good sportsmanship, it is the expectation that all student spectators wear shirts for all subdistrict, district, and state events. Each individual school shall be responsible for assuring that student spectators are appropriately attired. Participants must keep their uniforms on while in the competition area.

Forfeited Contests

1. A contest that is forfeited because of extenuating circumstances between schools shall count as a loss for the team forfeiting, and the forfeiting team shall receive wild card points for the forfeited loss.
2. Schools that are required to forfeit a game or games by the Executive Director or the Board of Directors shall count such contests as one of the permissible contests under the contest limitation requirement of that sport, and such mandated forfeitures will be counted as loss wild card points.
3. When a school's varsity team is unable to complete the season, those remaining teams on than school's regular season schedule shall receive forfeit wins for those scheduled contests and shall be awarded wild card points for those forfeit wins. Wild card points will be determined by the forfeiting team's record at the time of seeding for postseason competition.

Official Rules

National Federation Basketball Rules shall govern all competition.

NSAA Rules Meetings

The NSAA presents rules meetings in order to inform and educate coaches, officials, and judges about NFHS playing rules and rules changes, NSAA guidelines and approved rulings, and to discuss health and safety issues related to activities participation.

All head coaches are required to attend an NSAA Rules Meeting or complete an NSAA Rules Meeting online annually. Failure to do so will result in possible late fees and suspension penalties.

Online rules meetings are initially offered at no cost to coaches or officials, followed by a period with a \$25 "Late" Fee, followed by a period with a \$50 "Delinquent" Fee. The following sanctions and fees are applicable to those coaches who fail to complete the rules meeting by the expiration of the "Delinquent" Fee period.

Absence from the required rules meeting OR FAILURE TO COMPLETE THE ONLINE RULES MEETING by **November 18th** will result in the following sanctions:

First Offense in Three-Year Period

The head coach will be suspended from coaching in any competition in that activity until

- (1) *The head coach COMPLETES THE NSAA'S ONLINE RULES MEETING OFFERED AT THE LATE FEE of \$100;*
and
- (2) The head coach successfully completes the open book test for officials/judges of that activity (70% or higher); and the school's administration verifies that the coach has read all the supporting NSAA, National Federation, and safety information.

During this regular season suspension period, the head coach may continue to coach the team at practices.

Second and Subsequent Offenses in Three-Year Period

The head coach will be suspended from coaching in all NSAA end-of-season play (subdistricts, districts, playoffs, and state competition).

- (1) *The head coach COMPLETES THE NSAA'S ONLINE RULES MEETING OFFERED AT THE LATE FEE of \$200;*
and
- (2) The head coach successfully completes the open book test for officials/judges of that activity (70% or higher); and the school's administration verifies that the coach has read all the supporting NSAA, National Federation, and safety information.

During this regular season suspension period, the head coach may continue to coach the team at practices.

Online Basketball Rules Meetings

October 24 to November 8	No charge
November 9 to November 15	"Late" Fee of \$25
November 16 to November 18	"Delinquent" Fee of \$50

December Moratorium

1. For five consecutive days in December, there shall be no practice and no interschool competition by individuals or teams in any athletic activity sponsored by the Nebraska School Activities Association.
2. The intent of the December Moratorium is to provide coaches, athletes, and other school personnel a five-day break from the activity season. This rule is to be interpreted as a five-day dead period without organized practices, structured conditioning sessions, or meetings of any type. It is the member school's responsibility to monitor and enforce this rule. School-owned facilities shall be closed to all grades 9-12 workout activities during the moratorium (team or athletic meetings, practice, competition, weight-training, conditioning, open gym, or other physical activities). The term "no

practice and no interschool competition by individuals or teams” shall be interpreted to mean that a grades 9-12 student who is a participant in an NSAA activity shall not be permitted:

- a. To practice or compete in that activity in-season during the moratorium in a school-owned facility that is used by the school for such activity, whether or not a coach, sponsor, or other adult associated with the program is present.
- b. To participate in practice, team meeting, or activity for the sport in season, directly or by indirectly organized by the coach; the school coach, sponsor, or other adult associated with the school activity program may not supervise, direct, plan, or encourage any workout, practice, or competition during the moratorium by students participating in activities; and
- c. To participate in a student-organized practice, team meeting, or activity for the sport in season.

Students MAY:

- (1) Continue to workout/condition on their own in facilities not owned by the school, including workouts or activities with family members;
 - (2) Receive individualized instruction from an individual who is not the school coach, sponsor, or other adult associated with the school activity program; and
 - (3) Receive physical therapy or rehabilitation services at facilities not owned by the school.
3. For 2016, the five-day moratorium is December 23-27. There shall be no practice or competition during this period.

Games Not Permitted During The State Championship

- 1. No basketball games in any class or at any high school level of play, other than the State Championship games, are permitted during the dates of March 2-4, 2017 and March 9-11, 2017.
 - a. This includes regular season games, non-varsity tournaments, and conference tournaments or playoffs.
 - b. If a district championship must be postponed due to inclement weather, the Executive Director may schedule the postponed game during the dates of the State Championship.

Videotaping and Filming

- 1. A school may videotape or film the game(s) in which its team plays.
- 2. Prior permission should be received from the host school.
- 3. Videotaping or filming a game in which the recording school is not playing is not permitted.

Bands & Artificial Noisemakers

- 1. Bands are permitted at contests.
- 2. The use of artificial noisemakers is prohibited. (Examples: air horns, whistles, bells, balloons, Thunder Stix, etc.) Megaphones are to be used by cheerleaders only. Band instruments, including drums, are not to be played at any time other than when the entire band is playing. Bands should not be permitted to play except prior to the game, at intermissions and time-outs.
- 3. Due to the fact that balloons have become a distraction and are being abused as noise makers, **balloons will not be allowed at NSAA subdistrict, district, and state championships** in basketball.

Subdistrict/District Assignments

- 1. Schools that submitted the basketball declaration form to the NSAA were assigned to subdistricts and districts in the manner given below. These assignments, sites, directors, and dates are listed on the NSAA web page, and depending on timing of the printing of this manual, may be found on the last pages of this manual.
- 2. Class A schools will be divided into seven districts. The teams with the highest wild card point averages will have the opportunity to host districts. Class A districts in girls will be Tues.-Thurs or Tues.-Fri and boys districts will be Sat.-Mon or Sat.-Tues. District 1 with five teams will start one day prior with the 28 and 29 seed playing on that day at the 28 seed. All seven districts will be determined using a serpentine method (not modified), based upon the NSAA wild card point system within one week prior to the first district.
 - a. The winning boys' team and the winning girls' team in each district will qualify for the State Championship.
 - b. One additional boys' team and one additional girls' team will also qualify for the State Championship on the basis of the wild card team selection procedure.

District 1	District 2	District 3	District 4	District 5	District 6	District 7
1	2	3	4	5	6	7
14	13	12	11	10	9	8
15	16	17	18	19	20	21
28	27	26	25	24	23	22

The top 14 teams will have the opportunity to host the first night of district competition. The district championship would be hosted by the highest remaining seed. District dates and times would be established before district competition starts. Top seeded team in each district would be responsible for in establishing district schedules.

3. Class B schools are divided into six districts. Class B will have five teams each in four districts and six teams in two districts. The schools were assigned to districts on a geographical basis starting with the schools in western Nebraska and working east. North to south direction was used in some cases in order to decrease the distance between the schools within a district.
 - a. The winning boys' team and the winning girls' team in each district will qualify for the State Championship.
 - b. Two additional boys' teams and two additional girls' teams will also qualify for the State Championship on the basis of the wild card selection procedure.

6. In Classes B, C1, C2, D1, and D2, because of the method used in classification, the girls' team from a school and the boys' team from the same school may not be in the same class. This may also cause the girls' and boys' teams of some schools, even though the two teams were in the same class, to be assigned to different districts.
7. If a school decides not to compete after district assignments are made, no change will be made in district assignments. If two or more schools decide not to compete, or two or more schools close, consolidate, or enter into a cooperative agreement, the districts may be adjusted to restore a near equal number of schools or to take advantage of a reduction in travel distance.

Qualifying For State

Wild Card Criteria

The results of only those games played against varsity teams of schools in Nebraska and of schools in states contiguous to Nebraska will be used to:

1. Calculate wild card point averages.
2. To determine the win and loss record for designating a team as a first, second, third, or fourth division team.

All games played by a school's varsity team regardless of the location of the opposing school or whether the team is varsity or non-varsity will count toward the number of permitted contests in a particular sport.

All Classes

1. Seven teams in Class A and six teams in all other classes will qualify for the State Championship by winning their respective district championships.
2. One additional team in Class A and two additional teams in all other classes that fail to qualify through district championship competition will be chosen as wild card qualifiers to complete the eight-team State Championship field.
3. The one or two wild card qualifier teams will be selected in the following manner:
 - a. Only the contests between varsity Nebraska teams and varsity teams from states contiguous to Nebraska will be considered when calculating the wild card point averages.
 - b. Points will not be awarded for playing out-of-state opponents from states that are not contiguous to Nebraska, nor will points be awarded for playing non-varsity teams. Such games, however, shall count as one of the total number of contests permitted.
 - c. The results of all contests played through the district championships shall be used.
 - d. Out-of-state records will be included through February 24, 2017 for girls and February 28, 2017 for boys.
 - e. This includes regularly scheduled contests, tournament contests, intra-conference playoffs, and district contests.
 - f. Class C1, C2, and D1 teams must play a minimum of 4 teams/contests classified at their classification or above to qualify as a wild card qualifier. Only those games/events scheduled prior to the start of the season and submitted to the NSAA on the school's official schedule (and subdistrict and district games) will count toward one of the 4 required at or above their classification.

4. The following point evaluation scale will be used to determine a team's total points:

	1 st Division	2 nd Division	3 rd Division	4 th Division
	Team	Team	Team	Team
Victory Over	50	47	44	41
Loss To	39	36	33	30

A first division team is a team, which has won at least 75% of its games played.

(Examples: 20-0, 19-1, 18-2, 17-3, 16-4, 15-5.)

A second division team is a team, which has won at least 50% but less than 75% of its games played.

(Examples: 14-6, 13-7, 12-8, 11-9, 10-10.)

A third division team, which has won at least 25% but less than 50% of its games played.

(Examples: 9-11, 8-12, 7-13, 6-14, 5-15.)

A fourth division team is a team, which has won less than 25% of its games played.

(Examples: 4-16, 3-17, 2-18, 1-19, 0-20.)

5. No points are deducted for playing teams that are classified below your classification.
6. In competition with schools one classification above yours, 2 bonus points will be awarded.
7. In competition with schools two classification above yours, 3 bonus points will be awarded.
8. In competition with schools three classification above yours, 4 bonus points will be awarded.
9. In competition with schools four classification above yours, 5 bonus points will be awarded.
10. A team's wild card point average will be determined by dividing the total number of points by the number of contests played.
11. The teams failing to qualify through district competition in their class, but having the highest wild card point averages based on the year's record after the completion of all the district Championships will be selected as the wild card qualifiers.
12. If a tie exists for one or both of the qualifying spots, the following procedure will be used to select the team or teams.
 - a. If only two teams have identical point averages and are tied for one of the qualifying spots and the teams have played each other, the team that won the contest or the majority of contests between the two teams in question will qualify for the State Championship.
 - b. If the two teams have not played each other or if more than two teams are tied, step "c" will be used to determine which team qualifies for the State Championship.
 - c. If two or more teams have identical wild card point averages and are tied for one or both of the remaining qualifying spots, the team or teams playing the greatest number of games against first division teams will be selected. If only two teams remain after this step and the two teams tied have played each other, step "a" will be used to determine the qualifier for the State Championship.
 - d. If a tie still exists, the team's opponents' wins and losses, counting all varsity games, will be totaled and the winning percentages calculated. The team whose opponents have the highest winning percentage based on this calculation will be chosen.
 - e. If a tie still exists, the representative will be decided by a coin flip in the NSAA office.

Classification of Out-of-State Schools for Wild Card Consideration

When determining the classification of an out-of-state school for wild-card purposes, if the school's three-grade enrollment is less than the lowest enrollment in a particular class, the out-of-state school shall be classified in the immediate lower class. The enrollment of Nebraska schools opting up to play in a higher class will not be considered when comparing out-of-state schools for classification purposes.

Classification of Out-of-State Schools for Wild Card Consideration When Enrollment is Identical to Schools in Two Different Classes

In determining classifications for NSAA activities, if two or more schools are tied for the final place in a particular class, the tie is broken by using the schools' three-year average enrollment for the most recent three years. When determining the classification of an out-of-state school for wild-card purposes, if the out-of-state school's three-grade enrollment is identical to the enrollments shared by schools in two different classes, the out-of-state school shall be placed in the higher class.

 - 1) If only two teams have identical point averages and are tied and the teams have played each other, the team that won the contest or the majority of contests between the two teams in question will get the higher seed.
 - 2) If the two teams have not played each other or if more than two teams are tied, step "c" will be used to determine which team or teams get the higher seed.
 - 3) If two or more teams have identical wild card point averages and are tied, the team or teams playing the greatest number of games against first division teams will be selected. If only two teams remain after this step and the two teams tied have played each other, step "a" will be used to determine the higher seed.
 - 4) If a tie still exists, the team's opponents' wins and losses, counting all varsity games, will be totaled and the winning percentages calculated. The team whose opponents have the highest winning percentage based on this calculation will get the higher seed.
 - 5) If a tie still exists, the higher seed will be decided by a coin flip in the NSAA office.
 - b. The No. 1 seed will play No. 8; No. 2 vs. 7; No. 3 vs. 6; and No. 4 vs. 5.

2. Placement of teams on the bracket for each class was determined by the following procedure:

 - b. Nos. 2-7 and 3-6 were assigned to the half bracket not drawn by Nos. 1-8 and Nos. 4-5.
 - c. Games involving the Nos. 1-2 seeded teams were assigned to the earlier game time in that half of the bracket.
 - d. There was a draw to see if No. 1 was on the top line or the bottom line of its game bracket.
 - e. No. 8 was assigned to the line not drawn by No. 1.
 - f. There was a draw to see if No. 4 was on the top line or the bottom line of its game bracket.
 - g. No. 5 was assigned to the line not drawn by No. 4.
 - h. There was a draw to see if No. 2 was on the top line or the bottom line of its game bracket.
 - i. No. 7 was assigned to the line not drawn by No. 2.
 - j. There was a draw to see if No. 3 was on the top line or the bottom line of its game bracket.
