

**HIGH SCHOOL  
HAPPENS HERE**

The Nebraska School Activities Association and the NFHS Network are pleased to share that during the 2015-2016 school year, over 175 NSAA events were streamed live to fans across the nation.

Last year, the NFHS Network broadcasted over 28,000 events in over 45 states and expects to deliver over 40,000 events during the upcoming school year. Schools that are part of the NFHS Network School Broadcast program produced a vast majority of these events.

NSAA schools that join the School Broadcast Program are empowered to produce professional grade events streamed live and available on demand on their school-branded channel on the NFHS Network site. The program also provides these added benefits:

**EDUCATION:** Real-world broadcast production experience for your students

**COMMUNITY:** Family, friends and alumni can watch games on your customized school Web site from any device at any time

**FUNDRAISING:** 50% of the net proceeds from every subscription will be returned to your school

**DEDICATED ACCOUNT MANAGER FOR SUPPORT AND TRAINING**
