RULES SUMMARY FOR NORFOLK COUNTRY CLUB (CLASS A)

The following summary of this year's host course is provided to teams in advance so they'll be better prepared for state golf from a Rules of Golf perspective. We encourage participating teams to review this document prior to their arrival.

NORFOLK COUNTRY CLUB:

See the NSAA's course set-up for specific championship yardage.

Front Nine - Hole #2 - Out of Bounds along the right side and behind the putting green identified by white stakes and defined by a white line. **Hole #6** - Out of Bounds along the right side identified by white stakes and defined by a white line. **Hole #7** - Out of Bounds along the right side identified by white stakes and defined by a white line.

Back Nine - Hole #10 - Out of Bounds along the right side defined by white stakes and lamp posts and behind the putting green defined by fence posts. **Hole #11** - Out of Bounds along the right side defined by fence posts and behind the putting green identified by white stakes and defined by a white line. **Hole #13** - Out of Bounds behind the putting green identified by white stakes and defined by a white line. **Hole #14** - Out of Bounds along the right side and behind the putting green identified by white stakes and defined by a white line. The turf nursery along the right is Ground Under Repair from which play is prohibited, it constitutes all of the area cut to putting green height or less.

As a reminder, if a ball is Out of Bounds the player must play a ball, under penalty of one stroke, as nearly as possible at the spot from which the original ball was last played (see Rule 20-5). Objects identifying or defining Out of Bounds are fixed and may not be moved; relief without penalty is prohibited.

All flower and plant beds are to be treated as Ground Under Repair so players may receive relief for physical interference from these areas. Turf areas damaged by animals may also be treated as Ground Under Repair but only when you receive approval from a Rules Official.

In addition please note that the green 150 yard posts located near the fairway are movable obstructions.
