2012-13 U.S. CELLULAR® CUP STANDINGS

The Nebraska School Activities Association is pleased to announce the current standings for The U.S. Cellular Cup, the NSAA All-Activities Award for Nebraska high schools. The annual awards program, which began in 2007 to recognize the state's most successful high school athletic and fine arts programs, is presented to the 12 Nebraska high schools which earn the most points during the school year by participating in NSAA education-based activity programs.

The U.S. Cellular Cup is presented to the winning schools in the four classes of the All-School Division, Girls Division and Boys Division during special ceremonies the following fall.

U.S. CELLULAR CUP DETAILS & POINT SYSTEM

Each year the NSAA and U.S. Cellular recognize the most successful activities programs in the state with the U.S. Cellular Cup. U.S. Cellular Cup winners are determined by a point system based on participation in NSAA education-based activities and performance in state championship events within each division and class. Music, which does not have a state-level event, earns points based on participation at the district music contest.

The boys and girls competition in each class features schools earning participation and performance points from their respective activities. In the case of coed schools, the fine arts activity performance points are divided equally among a school's boys and girls U.S. Cellular Cup totals. In the all-school division, schools receive participation points for each of its NSAA registered programs, and earn additional points for placing in NSAA championship events.
