"NSAA activities...the other half of education."

Dear Friends,

Welcome to another competition of Nebraska's state championship games! Congratulations to the students who have earned a chance to represent your school at this event. Thank you to the coaches, parents and guardians who play an important role in supporting our talented young Nebraskans.

A student's involvement outside the classroom can build the character and discipline needed to succeed long after graduation. Providing extracurricular activities for Nebraska youth encourages the development of values such as hard work, creativity, and responsibility.

The activities in the coming days will promote healthy competition among talented students in your field. As you challenge one another to do your best, I encourage you to enjoy this memorable time in your high school careers.

Best wishes for a safe and exciting competition!

-Pete Ricketts
Governor of Nebraska

High school activities: the other half of education.

Participation in high school activities has many benefits for participants. Recent studies revealed that "athletes earned higher grades, graduated at a higher rate, dropped out of school less frequently, and scored higher on state assessments than did non-athletes."

Extracurricular activities stand out from other aspects of adolescents' lives at school because they provide opportunities to "develop initiative and allow youth to learn emotional competencies and develop new social skills."

Other data shows that participation in organized activities during high school is positively associated with post-secondary educational attainment, voting, volunteering, and occupational factors.

The NSAA staff and its member schools are pleased to be able to offer participation opportunities to over 125,000 Nebraska high school students in athletics and performing arts activities annually.

Please join us in saluting the students participating in this Championship! The "future" competes here!

-Dr. Jim Tenopir
NSAA Executive Director

Nebraska School Activities Association Coaching Guidelines

Coaching shall be permitted during a match with the following guidelines:

- Only the head coach of the high school as designated by that school's administration is allowed to coach.
- A player may be coached during a set break and when the player(s) change ends at the end of the game, but not when the player(s) change ends after the first game of each set and during the tie-break game.
- Coaching is limited to 60 seconds.
- The player does not leave the court.
- The coach does not enter the court.
- A player(s) may be coached during a set break and when the player(s) change ends at the end of a game, but not when the player(s) change ends after the first game

of each set and not during a tie-break game.

- Coaching is not allowed on change-over during a tie-break.

Head coaches designated by the school's administration will be issued a wristband that the coach must wear for the entire championship. This wristband will designate the assigned head coach as the only person who is allowed to coach their athletes.

In addition to enforcement by opposing coaches, the court supervisors will be monitoring the coaching rule.

Thank you for your cooperation.
